

November, 15th 2024

To Whom It May Concern,

We are pleased to certify that **Mahdad Kiyani** has successfully completed the SolidProof KYC (Know Your Customer) process. This process included a comprehensive evaluation of identity verification and a professional interview to assess their expertise in the blockchain domain.

Based on their demonstrated knowledge, expertise, and unwavering adherence to our stringent standards, **Mahdad Kiyani** has been officially recognized by SolidProof as a **Certified Blockchain Consultant**. This designation acknowledges their capability to provide expert guidance and consultation in various blockchain-related areas.

Certification Details

KYC Certificate: KYC_Certificate_Individual_Mahdad_Kiyani

Evaluation Date: November, 15th 2024

Certification Validity: 24 months

Certification Criteria

I. Identity Verification

- Successfully verified through SolidProof's rigorous KYC procedures.

II. Knowledge Assessment

- Demonstrated expertise by passing a comprehensive professional interview focused on blockchain technologies.

III. Professional Standards

- Met and upheld the professional standards required to operate as a Blockchain Consultant within SolidProof's framework.

This certification is granted exclusively by **SolidProof TrustNet**, operating under the auspices of **FutureVisions Deutschland**. It stands as a testament to **Mahdad Kiyani**'s qualifications and commitment to excellence in the blockchain consultancy field.
